

Holly McCarthy, MA., BCBA

Positive Behavior Change

A PROFESSIONAL DEVELOPMENT MODEL

What do Special Education Teachers request the most?

Support with
students who
present with
challenging
behaviors

Setting up
classroom spaces
and schedules to
accommodate
learners with unique
needs

Strategies,
techniques, and
topics to best train
staff for program
sustainability

Consultation focus on supporting teachers to generalize best practices and strategies for all students, rather than gaining skills to work with one particular student

Invest In Your Special Education Teachers

Coaching teachers to be more skillful educators and behavior experts in their classrooms

Professional Development to train teachers to be leaders in their own classroom, school, and in the Special Education community

Individualized
Coaching for Special
Educators:
Train-the-Trainer Model

Additional Consultation Services:
Behavioral Evaluations

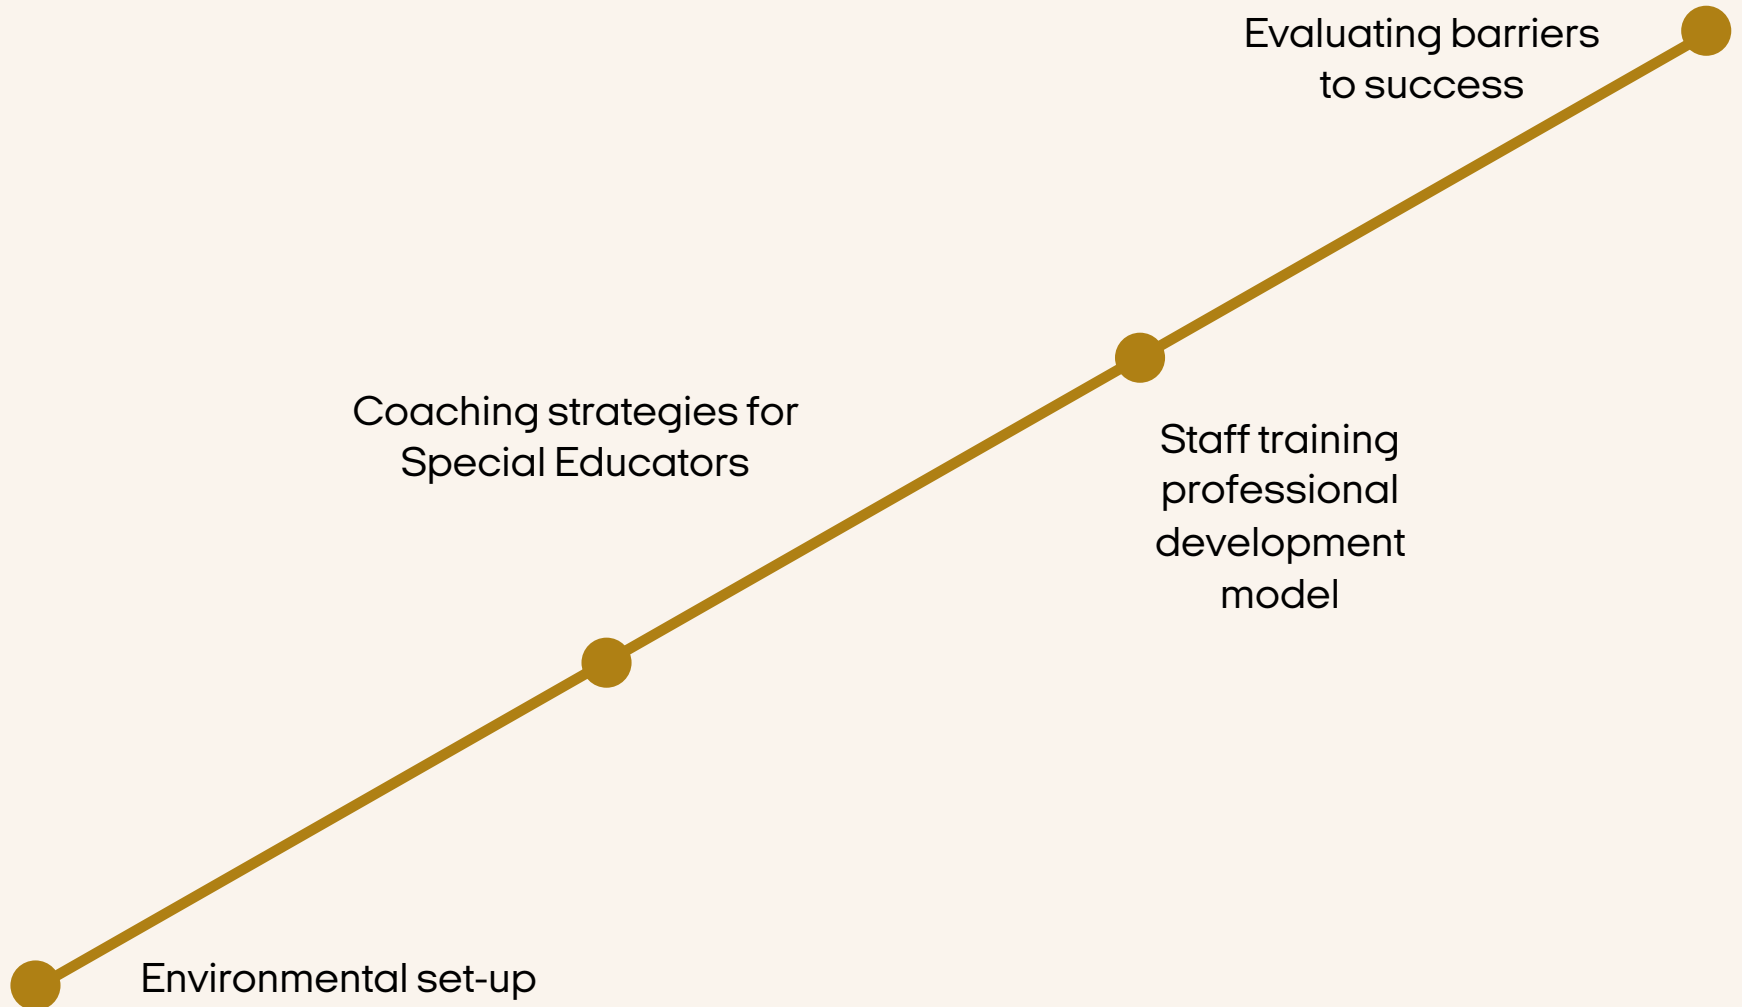

Overview of Services Provided
